

LOVECRAFT MOVIE SCREENINGS!

Below, you'll find our list of films screening during the week of the convention.

To start it all off, though, we'd like to mention that our compatriots at the Arkham Film Society are putting on two evenings of great films the weekend prior – on Friday, August 16th, and Sunday, August 18th. For more information on these great films, please follow these two links to their facebook event page: [AFS FRIDAY](#) and [AFS SUNDAY](#)

Soo... our films!

ALL are WELCOME – the movies are open to the general (non-convention-going) public at a low admission price, as listed. Convention three-day passholders get free access to the Thursday to Sunday films as part of their pass (please have your ticket with you), and day ticket holders get free access to the films showing that day.

All movies are generally hosted or attended by the filmmakers themselves, so there will be opportunities for some brief Q&A.

First come, first served!
